LED iGIMBALS

Now offering a classic gimbal design with integrated LED technology.

3", 4", 5" and 6" targeted LED downlighting with a twist

The LED iGimbal downlighting modules are **adjustable and easy to install** for retrofit and new construction applications, these fixtures offer more lumens to brighten your space for 35,000 hours, with dimmable capabilities to create the perfect ambiance for directional lighting and wall washing. **The iGimbal is now offered in a 3" aperture, as well as the traditional industry 4", 5", and 6" apertures.** By replacing your incandescent downlighting with the new LED iGimbals, you can **save 80% in energy costs with a fixture that's virtually maintenance free.**

Key Features:

- Over 50° of up/down adjustable tilt with 360° of rotation
- Replaces 50W and 65W general purpose flood
